

JUMPSTART YOUR DREAM CAREER IN STEM

Are you a student pursuing a degree in science, technology, engineering, and mathematics (STEM)? Do you dream of building a thriving career in STEM? The STEM ConnectHER Program is for you.

Designed to support young women across Asia and the Pacific to pursue a career path in STEM, The Asia Foundation's STEM ConnectHER program provides you with access to the right networks and resources to further hone your interest in the field and jumpstart your dream job in STEM.

Make the most of the resources and opportunities that we offer to our community members:

- ✔ **Mentoring** Connect with mentors from leading companies to guide you on your journey
- ✔ **Networking** Meet fellow young women from across the region and build your professional network
- ✔ **Speaker Series** Learn new and emerging trends in STEM direct from industry experts
- ✔ **Learning Resources** Get access to the latest courses from leading tech companies
- ✔ **Workplace Tours** Join site visits to corporate offices and experience today's workplaces firsthand
- ✔ **Certificates and Badges** Earn a skills badge and certificate to recognize your achievement

About STEM ConnectHER

In response to the gender gap in STEM in Asia and the Pacific, The Asia Foundation has created the STEM ConnectHER program to support young women across the region to start and persist in careers in STEM fields, with the longer-term goal of creating greater innovation, opportunity, and economic prosperity for all.

Join a growing community of aspiring young women in STEM across Asia and the Pacific.

The Asia Foundation's STEM ConnectHER program is a pan-regional network-of-networks to connect and support the next generation of women in STEM by providing them with access to mentorship and professional development opportunities.

STEM ConnectHER is part of The Asia Foundation's Future Skills Alliance (FSA), a collective impact platform for private and public sector partners to deliver future skills at scale to the region's underserved groups.

Learn from our Industry Partners

As members of STEM ConnectHER, you gain access to mentoring and professional development opportunities offered by our network of industry partners and supporters.

How to Join

WomeninSTEM

The STEM ConnectHER program is open to all girls and women pursuing STEM-related studies and careers. Register your interest by signing up at stemconnecther.org/register. For more information, visit stemconnecther.org or contact stemconnect.her@asiafoundation.org.

The Asia Foundation is a nonprofit international development organization committed to improving lives and expanding opportunities across Asia and the Pacific. Informed by decades of experience and deep local expertise, our work across the region is focused on good governance, women's empowerment and gender equality, inclusive economic growth, environment and climate action, and regional and international relations.
